Dear Arno,

We have received the slides of your work that you sent to us and appreciate very much your interest in our gallery.

For the next two years, we have scheduled nearly all of our exhibitions and unfortunately cannot fit your work into this particular schedule. However, we have made notations regarding your work and have retained your address for our files so that, if in the future we have an opportunity to show your work, we will be able to contact you.

We are returning your slides herewith and again thank you for your interest.

Sincerely,

Violaine Bachelier
