

A photograph of a man's torso, showing his chest and abdomen. He has a significant amount of dark, coarse body hair. There are numerous small, reddish-brown scars scattered across his skin, particularly on the upper chest and shoulders. The lighting is dramatic, with strong highlights on the right side of his chest and deep shadows on the left. The background is a textured, greyish surface.

# Scars

Die nackte Wahrheit

Scars –

Männer über vierzig / men in their forties
