College Park, June 11, 1998

Dear Artist,

Thank you very much for your participation in the **Global Women Project**. We received your piece and confirmed your name representing your country in this Exhibition.

The opening in **White Columns**, the oldest alternative exhibition space in Manhattan, New York, will be held in **June 2000**. The exhibition will be shown in New York for three months (until August 2000). After that it will be traveling to other venues. At the end of the touring exhibition, all the pieces will be auctioned to benefit *The New York Women Foundation*, which help woman causes around the world. Pieces not sold at the auction will be returned to the artists.

We already received over 100 artworks with images that represent "woman" from diverse cultural perspectives. Some countries have sent late and the pieces didn't arrive yet. Sorry for postponing the show, but still there are many countries without representation and the concept of the project is to have the image of one woman artist from each country on earth. The new deadline for receiving the artwork is **October 98**. Although the show won't be until 2000, we need the pieces to document the show, present it in other venues and prepare a catalogue. We will appreciate your help recommending artists to represent any of the countries in the attached list. Please send us names and ways to contact them by mail, fax or E-mail. Again, thank you very much.

Catalogues will be sent close to the opening date. Please, update your address, fax and E-mail to keep in touch with you and send you a copy of any publication that could result from the show.

If you have any questions or suggestions, please do not hesitate in contact us.

Best Wishes for you and your work,

A handwritten signature in cursive script that reads "Cecilia Mandrile".
