In the Dark 2020 : Even Darker

 Do., 9. Jan. um 14:00 UTC bis Sa., 11. Jan. um 20:00 UTC

Once again The Cello Factory plunges into darkness for a four day experimental show with [@\[174205442652268:274:The London Group\]](#), [@\[111026792741:69:Computer Arts Society\]](#), [@\[1749160538686196:69:Art in Flux London\]](#), [@\[388476494529344:274:The Lumen Prize for Art](#)

Inspired by the popularity of last year's exhibition, The London Group are hosting an Even Darker sequel. As before, the one stipulation is that the artworks either generate their own light or can be projected onto. This simple rule means all the works interlink and the whole group exhibition becomes a foreboding installation filling all surfaces of this unique space.
